If you would prefer to be notified via email, messages will be sent to the first listed emails.. Please indicate your preferred type of message.

On occasion the school will send paper communications home with your child. Teachers will notify their class parents as to how they will be sending home paper communications with their students. **Parents should check their children's backpacks daily for communications from the school and their children's teachers.**

In an effort to reduce waste and address the consensus feelings of the community, the school's bi-weekly Friday Newsletter will no longer be distributed in a paper format to the students. Parents who wish to read a paper format of the Newsletter may pick up a copy from the Library or print at home.

In signing this form I agree to allow the school to communicate with me in above indicated manner(s.) I understand paper communication may still be used in specific situations, regardless of my above listed preference, and agree to check my child(ren)'s backpack on a regular basis.
